MANAGEMENT RIGHTS

It is the right of the public employer to determine unilaterally the purpose of each of its constituent agencies, set standards of services to be offered to the public and exercise control and discretion over its organization and operations. It is also the right of the public employer to direct its employees, take disciplinary action for proper cause, and relieve its employees from duty because of lack of work or for other legitimate reasons. However, the exercise of such rights shall not preclude employees or their representatives from raising grievances, should decisions on the above matters have the practical consequence of violating the terms and conditions of this collective bargaining agreement.
