BRIGHT FUTURES COMMUNITY SERVICE HOURS INFORMATION

According to Florida Statutes (F.S. 1009.534, 1009.535, 1009.536) to be eligible for a Bright Futures Scholarship, “The student must complete a program of volunteer service work, as approved by the district school board, the administrators of a nonpublic school, or the Department of Education for home education program students...[and which] must identify a social or civic issue or a professional area that interests him or her, develop a plan for his or her personal involvement in addressing the issue or learning about the area, and, through papers or other presentations, evaluate and reflect upon his or her experience. Except for credit earned through service-learning courses adopted pursuant to s. 1003.497, the student may not receive remuneration or academic credit for the volunteer service work performed. Such work may include, but is not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office. The hours of volunteer service must be documented in writing, and the document must be signed by the student, the student’s parent or guardian, and a representative of the organization for which the student performed the volunteer service work”

Community Service: Volunteer service as defined by statute is voluntary work that addresses a social issue in the community, e.g. poverty, elder rights, abuse, etc. or centered on a professional area of interest to the student.

Volunteering: Voluntary work that does not address a social issue; e.g. babysitting, singing in a choir, participating on a sports team, etc. Although not accepted for Bright Futures, students are encouraged to keep track of these hours for college applications and other scholarships for which they may be eligible.

BRIGHT FUTURES COMMUNITY SERVICE HOURS

GUIDELINES

- 1) Students must submit their BF Community Service Hours Proposal(s) to their School Counselor for approval prior to beginning the community service.
 - a) Students may earn their hours at more than one (1) agency and address more than one (1) social issue if desired, however, students will need a separate Proposal form for each organization.
- 2) It is preferred that students submit their community service hours by May, at the latest, each year to allow Counselors ample time to enter the hours into Focus. It is required that all BF community service hours be submitted prior to the student's graduation date. Bright Futures will not allow students to submit community service hours earned after graduation. (Use Bright Futures Community Service Log and Reflection Form to document)
 - a) Students must have all necessary signatures before turning in their BF Community Service Time Log and Reflection Form to their School Counselor.
 - i) A friend or relative may not verify service hours.
- 3) Seniors who want their community service hours to post for the Bright Futures Early Evaluation **must** have their hours turned in to their School Counselor by the middle of December of their Senior year.
- 4) Community service hours earned by non-Escambia County students may be honored if:
 - a) the previous school verifies the hours, or
 - b) students provide signed documentation on agency letterhead of the number of hours earned and dates of service completed (this also applies to Florida homeschooled students).
- 5) Community service hours earned by out of state and in-state students without documentation from their previous school can complete and submit the Proposal explaining what the hours entailed. If approved, the student can complete the Time Log and Reflection Form and the hours will be accepted.
- 6) Students who have community service hours already entered in Focus prior to the 17/18 school year will be grandfathered in.
