GUIDANCE CORNER

Red Ribbon Week is the oldest and largest drug prevention campaign in the nation. This week is your opportunity to get the conversation started about making healthy choices. Talking to kids about drugs and alcohol can be an uncomfortable conversation, but research tells us that it is worth the effort. When we have uncomfortable conversations about drugs and addiction, we can communicate accurate facts about drug use and the potential harms associated with it, describe individual risk, and find ways to keep kids safe. This year's theme is Life Is A Movie, Film Drug Free.™ Visit www.redribbon.org to learn more about Red Ribbon Week® and get tips for talking to your kids about making healthy choices.
