I hope you're keeping up with your fitness goal! When setting a fitness goal, believe in yourself and envision how you will feel months from now. Instead of focusing on numbers, use a journal to track how you feel, both physically and emotionally. For example, you may find that you're sleeping better or feeling less stressed. Tracking these types of positive changes are encouraging and reaffirming to why you set this goal for yourself.

PTA Carnival Meeting
 Monday, February 24th

Attention ESOL FAMILIES

Scenic Heights is excited to partner with UWF to offer a Spanish-to-English / English-to-Spanish learning opportunity for SHE parents. The ESTELAS program was developed to help bridge the language barrier in our community by providing a structured approach to learning conversational English and Spanish. If you're interested in participating, please scan the QR code below to complete the interest form. Your input will help us better understand the needs of the community and determine how many families are interested in this program.
