Geovanni - 4th place in all of 4th

Grayson Petit- 8th place in all of 5th

Coach's Corner

Safely basking in the sun for 30 minutes or so can do wonders for your health and overall mood. The warm spring weather and the sun's rays provide you with a nice dose of vitamin D, which is a vital nutrient needed to maintain healthy and strong bones. Vitamin D has also been shown to help ease symptoms of stress and depression. It doesn't take long to get your Vitamin D shot from the sun. Even just 10 minutes can do your health some good and help you stay healthy this spring.
