(a) These test administration procedures must include the following:

1. Verification that each responsible teacher or proctor has received training on test security.  
**Teachers and proctors must annually sign a statement of educational integrity which includes the detrimental and negative impact academic dishonesty brings upon a profession, as well as safety and security hazards which may result when candidates have not met the industry standard for acceptable training.**

Disciplinary actions and consequences for failure to abide by all security protocols can range from written reprimand in the employee's records to termination of employment.

By signing this Statement of Educational Integrity;
