Dear Prospective Sponsor,

West Florida High School seeks your support for our Electrathon Race Team, which integrates principles of Science, Engineering, Aerodynamics, Mathematics, and Energy consumption to design and construct electric vehicles for competition.

Our objective is to raise funds to cover essential costs, including equipment, team uniforms, transportation, meals, and other resources vital for a competitive and successful racing season. Through hands-on STEM learning, our students not only gain practical experience but also foster teamwork in alignment with the West Florida Way, empowering them to excel both on and off campus. Additionally, the Electrathon Race Team plans to engage with elementary schools to inspire younger students to explore STEM activities.

We offer several sponsorship levels, and we invite you to consider supporting our Jaguar students through your tax-deductible 501c3 contribution.

Sponsorship Levels	\$0 - \$249	\$250 - \$499	\$500 - \$999	\$1000+
