Introduction to the DEI User Guide

This user guide provides instructions for using the Data Entry Interface (DEI). The DEI is a component of the Test Delivery System that allows authorized users to enter student responses for the paper-based version of the following tests:

- **FAST ELA Reading:** Grades 3–10
- **FAST Mathematics:** Grades 3–8
- **FAST ELA Reading Retake:** 10–12, 30
- **B.E.S.T. Mathematics EOCs:** Algebra 1 EOC, Geometry EOC
- **Science:** Biology 1 EOC, Grades 5 & 8 Science
- **Social Studies:** Civics EOC, U.S. History EOC, Florida Civic Literacy Exam (FCLE)

After an authorized user enters a student’s responses into the DEI, they will submit the test for processing and immediate reporting.

How to Access a Student's Assessment

This section explains how to log into the DEI, select the appropriate student and test, and submit student responses for scoring.

Step 1 – Log in to the DEI System

The DEI allows authorized users to enter student responses and submit them for scoring.

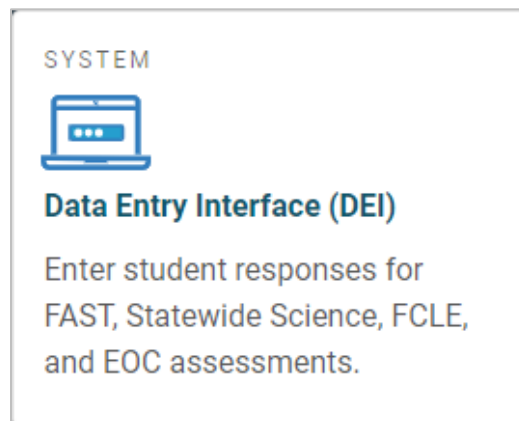

1. Navigate to the [FAST Portal](#).
2. Select the **Assessment & Technology Coordinators** card.

Figure 1. Assessment & Technology Coordinators Portal Card

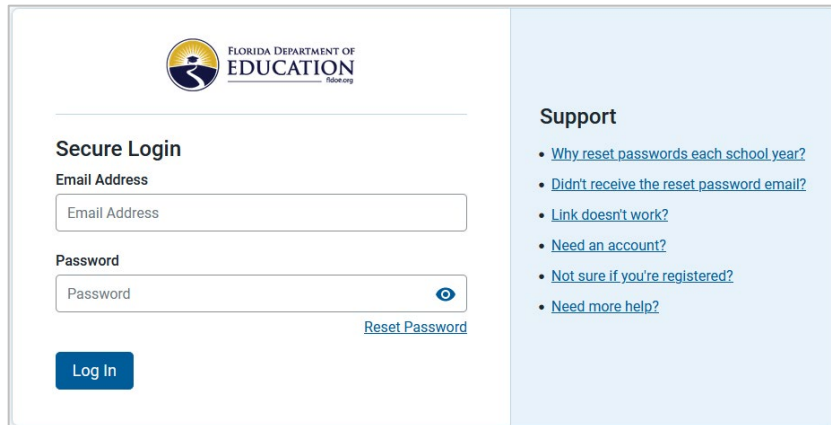

3. Click the **Data Entry Interface (DEI)** card.

Figure 2. Data Entry Interface Portal Card

4. On the **Login** page that appears, enter your email address and password.

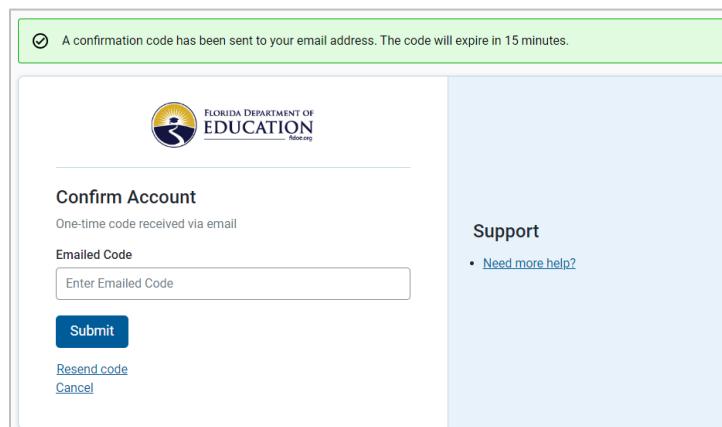

Figure 3. Login Page

5. Click **Log In**.

- a. If the **Enter Code** page appears, an authentication code will be emailed to you. You must enter this code in the *Enter Emailed Code* field and click **Submit** within 15 minutes of the email being sent. If the code expires, click **Resend Code** to request a new one on the **Enter Code** page.

Figure 4. Enter Code Page

Step 2 – Entering Student Information

After you log in to the DEI, the **Enter Student Information** page appears. On this page, you will enter the login information for the student whose responses you are recording. School assessment coordinators can search for the student's login information in TIDE. This information can also be found on the student's test ticket or PreID label.

Figure 5. Enter Student Information Page

The screenshot shows a web page titled "Enter Student Information". The page contains two input fields: "Student First Name:" with a person icon and "FLEID:" with a person icon. Below the input fields are two buttons: "Sign In" (green) and "Log Out" (white). The browser name "ChromiumEdge v120" is visible in the bottom right corner of the page.

1. In the *Student First Name* field, enter the student's first name as it appears in TIDE.
2. In the *FLEID* field, enter the student's FLEID.
3. Select **Sign In**.

Note: The DEI generates an error message if there is an issue with the login information for the student. The following is the most common error:

Student Name and FLEID Do Not Match: If you receive a no match error message, verify that you correctly entered the first name and FLEID. If this does not resolve the error, users with appropriate permissions will need to view the student's record in TIDE to verify the first name associated with the student's FLEID.

Step 3 – Verifying Student Information

After entering a student's information, the *Is This the Student?* page appears. On this page, you can verify all student information and confirm that it is correct.

Figure 6. Is This the Student? Page

Is This the Student?

Please review the following information.

First Name Demo	FLEID FL123456789046
Last Name Test	Grade 08
Date of Birth March 8, 2011	School Demo School 9009

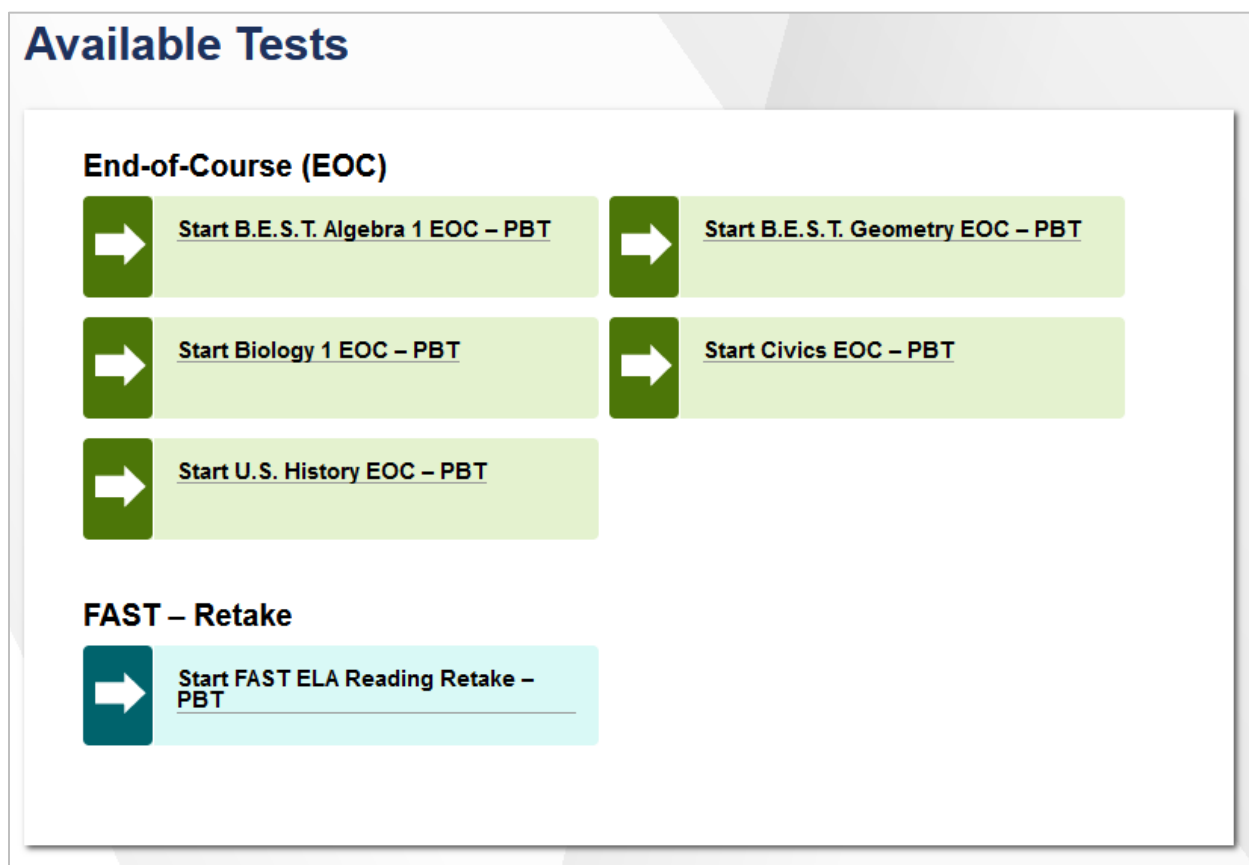

- If all the information is correct, select **Next**. The *Available Tests* page appears.
- If any of the information is incorrect, do not proceed with the data entry for this student. Log out of the DEI and notify the appropriate school personnel that the student's information is incorrect. Data entry cannot begin until this information is corrected.

Step 4 – Selecting a Test

The *Available Tests* page displays a list of the student's eligible tests available for data entry. An auto-generated session ID also displays in the banner, which you can use to look up test information in the Test Information Distribution Engine (TIDE) after submitting the data.

The available tests indicate whether you are entering data for a new test opportunity or resuming an open opportunity.

Figure 7. Available Tests Page

- To choose a test for data entry, select the appropriate test name.
- If the tests available for the student are not correct, select **Back to Login**. Verify that the grade associated with the student is correct. The list of tests is determined by the grade associated with the student's record in TIDE.
- **Note:** Students must have a paper test indicator set in TIDE for their test to appear in the DEI. If no tests are available for the student, you should log out, confirm the correct test indicator is set in TIDE, and try again.

Step 5 – Test Instructions and Help

After selecting a test, the **Instructions and Help** page appears. On this page, you can review the Paper-Based Accommodation and Help Guide.

Pausing Tests

Data entry for a test must be completed within the same day; all started tests in the DEI will close out overnight each day. However, if you need to pause your data entry and return to it later the same day, you may do so. When you are ready to resume data entry for the test, you must log in, select the student and the correct test again. The DEI opens to the first page with unanswered items. After resuming a test, you may go back to review or responses for previous items. Pausing the test does not impact any responses that you entered.

1. To pause data entry, select **Pause** in the upper-left corner. A warning message appears.

Figure 11. Pause Warning Message

2. Select **Yes** to pause the test and log out. Select **Enter More Data** to pause the test and return to the **Available Tests** page. Select **No** to continue the test.

Test Timeout (Due to Inactivity)

As a security measure, you are automatically logged out after 59 minutes of inactivity. This pauses the test. Before the system logs you out, a warning message appears on the screen. If you do not click **OK** within 60 seconds, you are logged out.

Figure 12. Timeout Warning Message

All responses that you have entered are automatically saved.

Reviewing Items and Completing Data Entry

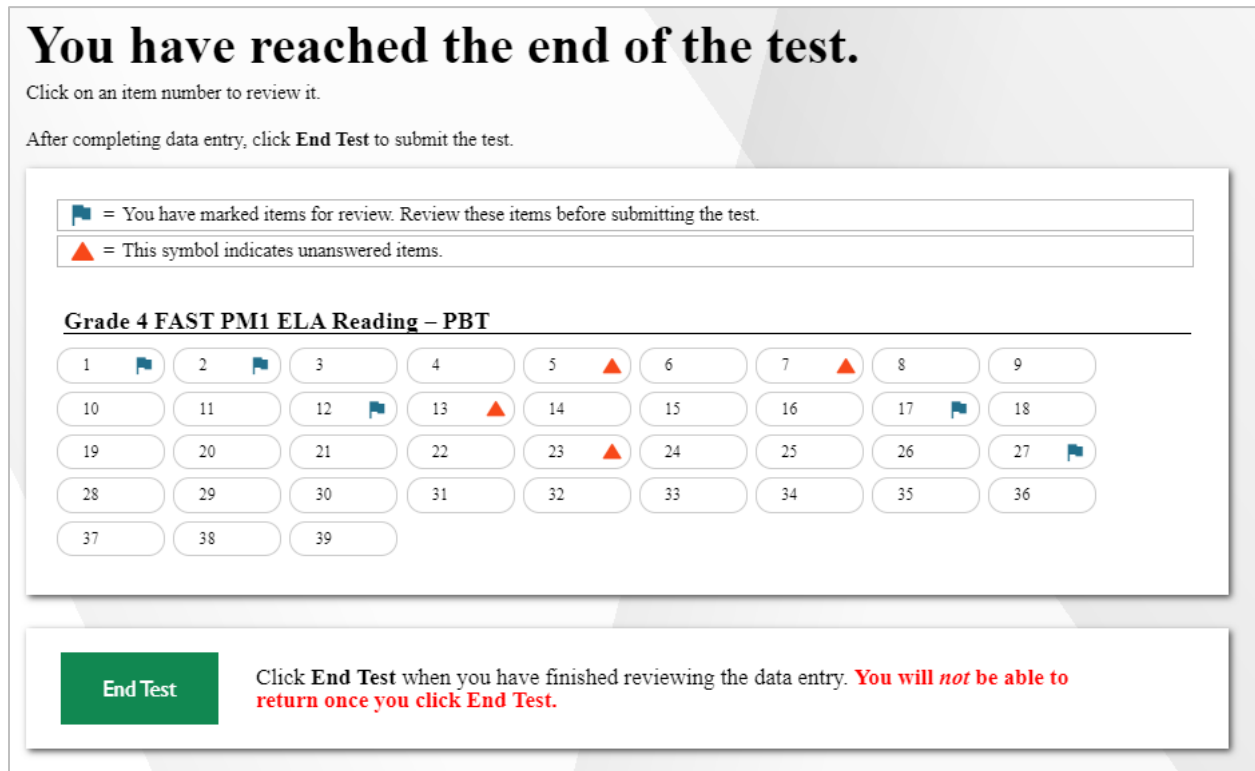

After you have viewed all items, you must submit the test for processing.

Figure 13. Next Button

1. When you have finished entering data and verifying responses for the test, click **Next** on the last page of the test. The **You have reached the end of the test** page appears.
